

CONVERGE

prosperity in practice

HOSTED BY:

 **Beaufort County**
Economic Development Corporation

An opportunity to get your business in front of hundreds of like-minded local influencers.

An extension of our successful CONVERGE Summit, our **Prosperity in Practice** event connects and activates local businesses, government leaders, and community members who are committed to making the Lowcountry the best place in the country to live and do business.

As a local business that serves our community, you understand the need for economic development and healthy growth. Would you consider partnering with us as a **dual sponsor** of both events (extra visibility at a lower cost)?
